Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

MAY 18 10:55

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I would like the freedom to choose what I want to put in my body - FDA approved drugs are not always the best form of treatment for everyone - If there is an alternative, I would like the chance to try it - After all, we are in America! I should have power over my body - not the government - Thank you.
